- Atlex Adjustable Tapered Drafting Race
- Atlex Double Smooth Top Working Race with walkway in between increasing accessibility
- 11 Atlex Safety Manways for easy navigation
- Diamond yard creates flexibility
- Atlex 360 degree hinges fold flush against fence on both sides to prevent sheep wedging behind gate
- Atlex Safety Draft Gates with looped, bent handles to prevent hands slamming
- Atlex Hawker Tip - Swing Block Gates swing back neatly and sit flush along race out of the way, with no chains or catches
- Working capacity 2,893 – 3,471 (excluding draft pens)

CUSTOMISE YOUR YARD

- Design independent work stations to allow at least two simultaneous operations
- Incorporate existing features such as woolshed, fence lines, dip or trees
- Make provision for stockhandling equipment – either now or in the future
- Add a sheep loading ramp, designed to your preferred access
- Incorporate toe recess for raised working area
